

Faculty Orientation Session on IPR: A Report

The Research and Development Cell of Loreto College, Kolkata, in collaboration with the Internal Quality Assurance Cell (IQAC), organised an Online Faculty Orientation Session on December 12, 2025, from 6:00 P.M. to 7:30 P.M. The session was conducted on the theme “Primer on Intellectual Property Rights: Patents, Trademarks, Copyrights, and Designs,” and aimed at enhancing faculty awareness regarding the protection and management of intellectual assets in academic and research contexts. The resource person for the session was Mr. Chirag Tanna, an expert in the relevant field, gave a comprehensive introduction to the fundamental concepts of IPR, elucidating the distinctions between patents, trademarks, copyrights, and industrial designs and highlighted the relevance of intellectual property protection in higher education institutions, particularly in fostering innovation, safeguarding research outputs, and promoting responsible knowledge dissemination.

The speaker explained procedural aspects of filing patents and trademarks, the duration and scope of protection under different IPR categories, and the importance of originality and documentation in academic work. Emphasis was also placed on avoiding plagiarism and understanding copyright compliance in teaching and research practices. Through practical examples and case references, the session enabled faculty members to appreciate the strategic role of IPR in academic entrepreneurship and institutional growth.

The interactive session with participants could evoke critical perspectives related to publication rights, collaborative research, and commercialization of innovations. The orientation session thus contributed meaningfully to strengthening research culture and quality assurance mechanisms within the institution, aligning with Loreto College’s commitment to academic excellence and ethical scholarship. The programme was drawn to its close with a formal vote of thanks delivered by Dr. Suman Chatterjee.
